GREENHOUSE AND BEDDING PLANTS

Flower & Vegetable Seeds.

-FROM-

GEO. H. MASS, FLORIST AND SEEDSMAN,
WOODSTOCK, VERMONT.

SEEDS. Vegetable seeds in packets, ounces and pounds, will be forwarded postage paid to any post office in the United States at prices quoted in this catalogue, except on peas and beans, add 5 cents per pint and 10 cents per quart; and on corn add 4 cents per pint and 8 cents per quart for postage. But it will be much cheaper for the purchaser if goods are ordered to be sent by express, when desired in any quantity.

PLANTS. Small plants selected from this catalogue will be sent by mail, if so desired, postage paid. But we would advise our customers to have plants sent by express, as large and better plants can be sent, and extras will be added to cover express charges. We are careful in our shipment of plants. Plants offered by us are carefully grown, and are strong and healthy. We make no charge for packing, boxing, &c. and pack as lightly as possible, so as to reduce cost of carriage.

REMITTANCES may be made by bank draft, post office and express money order or registered letter. Orders from parties unknown to us will be sent C. O. D., unless accompanied by satisfactory reference.

WHEN ordering seeds or plants by mail you are requested to be particular to write your name, post office, county and state plainly, and not to omit either, as delays are occasioned by such omissions.
